Sacramento, CA 95814

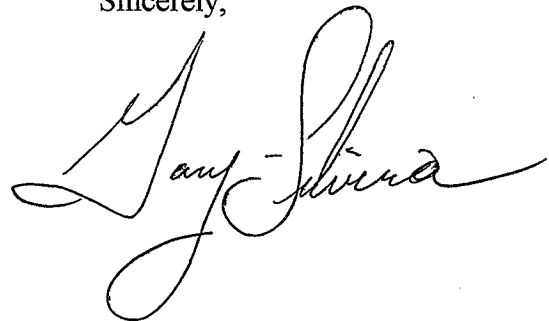

Dear Lester Snow:

Conservation is the real solution to our Bay Delta problems.

Please Implement measures which do not include more canals, storage reservoirs, dredging or water diversion.

Instead stop making taxpayers foot so much of the water bill for large corporate farms. I support a solution that promotes water saving programs on our farms and in cities. The only way to replenish the Bay and Delta is to use less water!

Sincerely,

Gary Silveira
